- 1 The Special Olympics Accredited Program mark is used to endorse the communication.
It should not be locked-up with Young Athletes's logotype.
- 2 A clean typographic construct can be used for Young Athletes.
- 3 The curve house style should be used to enhance the design.
- 4 Pictures should be empowering and signify sports, fun and inclusion.

Some Notes

Our primary brand is Special Olympics and everything we do should build recognition and positive associations in this name and symbol. Our brand however is active in many different areas such as Education, Health and Community Branding, in addition to our core offering of sports training and competition. Events and activities such as Project UNIFY®, Unified Sports® and Young Athletes™ provide entry points that clearly link back to our organization. Therefore it is important to clearly represent the relationship between these aspects and Special Olympics.

Fonts:

Our primary Special Olympics font is Ubuntu, it is advisable to use the same font for all our entry points such as Project UNIFY®, Unified Sports® and Young Athletes™ to have consistency and unique brand recognition.

Colors:

Blue is the primary color for Young Athletes™ and for the lockup. When communication material is designed, the blue color can be used with the complimentary palette specified.
